KHH Luka

4½yo, 14hh, Gelding

“Luka came to me through the Kaimanawa Heritage Horses foster system. He’s been well loved and handled the whole way through just needed some finishing off to his training.

He is now ready for his new home. I think Luka would suit a kid who wants to do the cowboy challenges, jumping, games and a bit of everything. He has got the coolest personality, inquisitive, loves to work and always interested in what your doing. He’s that typical chubby, cheeky and happy personality. He’s about 14hh and 4 and a half years old. I think he’d be the most fun pony out for a kid.

Luka can jump, has all the basics established, he’ll go over tarpaulins, through water, trek out anywhere and is happy with friends or alone. He’s also the most gorgeous jet black colour and will scrub up very well for the show ring.

Because he is young I’m going to throw in a free week on our April Easter Camp to whichever lucky kid gets him. Making sure they get to know each other under our supervision first. Great opportunity to learn and start off with a new pony the right way.”

Dew is 30 years old and is from the 1993 Muster. She has arthritis in her hocks and knees, and on arrival with KHH she was thin with long feet. Toy Soldier

6yo, 146cm, Gelding

We have made the very hard decision to sell our gorgeous boy Toy. Toy is a registered kaimanawa pony, he is 6 years old, has a current HC 146cm - Black Roan with 3 white socks & white blaze so very blingy and a personality to match.

We purchased Toy when he was just 18 months old and he has been a pleasure to deal with from day one. He has been brought a long very slowly and is now being ridden in the arena & around the paddock. Toy needs a confident rider now to take him that next step which sadly my daughter just isn't confident enough to do and Toy knows this. He is not a naughty pony at all just young and green and has baby moments.

He will only be sold to a very knowledgeable horsey home with a person that knows how to deal with young ponies. I would love to see him go to a fun farm home either competitive or a chilled relaxed home that does treks/beach rides.

Toy has become part of the family so this has been a very big decision for my daughter to make and very heart breaking so he will only go to an approved home that will love him as much as we do.
